

It was over 35 years ago that Island Oasis® Strawberry Daiquiri Mix was first introduced. Made with only natural, premium ingredients, it was an overnight sensation. Since then, Island Oasis has been helping create incredible beverages all over the world. We believe that true paradise is the essence of providing total refreshment, while feeling good about it.

Simple Satisfaction

84% of Americans are seeking more natural foods.¹

That's why we start with real, perfectly ripened fruit, pick it fresh and puree it. We add a touch of real sugar and it's ready to refresh. It's the perfect mix for any crafted beverage.
